## TUCK-A-WAY TAIL LIFTS

Perfection In Every Detail

- **Less Weight - More Payload**
- **Easy & Quick Installation**
- **Long Life - Low Maintenance**

AHT's ATK series of tail lifts consists of a superior and cost effective two cylinder system. Cylinders are mounted inside the lift arms and ensure the stable operation of the platform, even with an uncentred load.

All models are completely assembled, adjusted and tested before leaving the factory. Mounting brackets that simply slide into place enable effortless installation without the need for any welding.
